### 25,000 PLANES FOR ARMY, NAVY PLACED BY U. S.

\$100,000,000 Purchase Is Announced by Defense Commission

R. F. C. TO ASSIST BY LENDING FUNDS

Engine Research Laboratory at Langley Field Proposed

(By Associated Press)  
WASHINGTON, July 11.—The national advisory defense commission announced today that it had placed orders totaling \$100,000,000 with airplane manufacturing companies for 25,000 airplanes for the army and navy.

Dr. George J. Mead, aeronautical adviser to the commission, declared at a press conference that since July 1 the army and navy had been working closely with industrial representatives and that the Reconstruction Finance Corporation had joined in the aircraft development program by agreeing to lend funds to industrial companies to finance necessary expansion of plant facilities.

#### Laboratory Planned

In addition, he said, the national advisory committee for aeronautics recently received \$8,400,000 through a presidential order for the building of an engine research laboratory, probably at Langley field, Va. The army and navy have pooled their technical work and agreed on joint standards for engines, propellers, designs and other details in order to facilitate the program.

Approximately 25 per cent of the planes to be built will be for the navy, the remainder being army bombers, pursuit and reconnaissance planes.

Airplane manufacturers have been asked to re-quote prices on the basis of the new quantities of airplanes to be manufactured, Dr. Mead declared.

#### Navy Bill at White House

WASHINGTON, July 11.—A \$4,000,000,000 naval expansion bill was sent to the White House today by congress.

It was a major portion of the defense campaign and legislators on Capitol Hill were manifesting a desire to approve President Roosevelt's request for \$4,848,171,957 in cash and authorizations to start this expansion and to increase greatly the army's land and air forces.

The navy expansion measure, sent to the White House for President Roosevelt's signature by unanimous house agreement to minor senate changes, virtually would double the size of the navy now built.

### Fifth Corps Area Given New Quota

COLUMBUS, July 11.—Notice of a new enlistment quota of 13,400 men was received today by Brig. Gen. C. B. Hodges, fifth corps area commander, in the nation's largest peace-time army authorization.

The new quota includes a recent one of 3,900, which has been nearly half filled in Ohio, Indiana, Kentucky and West Virginia, the four states comprising the area.

### Stimson Sworn Into War Office

President Roosevelt, above, shakes hands with Henry L. Stimson, former Republican secretary of state, shortly after the latter took his oath of office as the new secretary of war in the Roosevelt cabinet. A short time later the senate confirmed the appointment of Col. Frank Knox, Republican candidate for vice-president in 1936, to the post of secretary of navy.

### Carefree Chat, At 50 Miles An Hour, Halted By Patrol

Lee Blaney and Oliver McClain, both of Uniontown, Pa., learned yesterday that a public highway is no place for a couple of motorists to hold a conversation, especially while their cars are in motion.

State Patrolman Robert Jones arrested each on charges of reckless driving when he came upon them traveling side by side, nearing the crest of a hill, talking to each other. The scene was on Route 14 near Firestone park, just east of Columbiana.

The officer said that at the time the machines were "doing at least 50."

Taken before Justice of the Peace Earl Spaulding at East Palestine, Blaney was fined \$10 and costs and McClain \$15 and costs.

Thomas Newton of Boardman, arrested by the state patrol on a charge of driving a car without an operator's permit, was fined \$5 and costs in the mayor's court at Columbiana yesterday.

### 'TOTAL DEFENSE' SUPPORT SEEN

Congress Indicates Readiness to Approve Fund Request

(By Associated Press)  
WASHINGTON, July 11.—Congress, rallying to a call for "total defense," manifested a general readiness today to approve President Roosevelt's request for another \$4,848,171,957 to advance the preparedness program.

Promises of support for the huge recommendation were coupled with widespread applause for the chief executive's pledge that no American troops would be sent to fight in old world wars.

His latest extraordinary defense message—the third in less than two months—went to Capitol Hill yesterday afternoon within a few hours of two other major developments.

#### Knox Confirmed

The senate first voted 66-10 to confirm Col. Frank Knox as secretary of the navy and then with dispatch rushed through the house-approved bill authorizing a \$4,000,000,000 expansion of the fleet to "two-ocean" proportions.

Knox's confirmation followed by 24 hours the approval of a fellow Republican, Henry L. Stimson, as secretary of war. Stimson was sworn in yesterday.

Knox received the support of Sen. Robert A. Taft (R., Ohio) although Taft previously voted against the confirmation of Stimson. Sen. Victor Donahey (D., Ohio) was not listed as voting.

Although President Roosevelt's new preparedness request would boost the present program above the \$10,000,000,000 level, only scattered criticism appeared in connection with the bill.

### ITALY ADMITS AERIAL DAMAGE IN NAVY FIGHT

Says 300 Planes Took Part In Battle With British Fleet

NO CASUALTIES, ENGLISH REPORT

Russia Insists She Is Not Planning Demands On Turkey

(By Associated Press)  
New light on the controversial question of "battleship vs. plane" in actual combat was cast today with the disclosure by Gen. Francesco Pricolo, Italian air chief, that 300 Italian planes engaged in the battle of British and Italian war fleets in the Mediterranean.

Dispatches from Rome acknowledged that a large part of the Italian aerial attack force returned with damage and with wounded crewmen—hit by terrific drum-fire from surface ships. Three Italian planes were lost.

#### No Casualties, Say British

By contrast, Sir Andrew Cunningham, commander-in-chief of the British Mediterranean fleet, reported that his ships suffered not a single casualty.

The Italian high command, in a belated communique, insisted however, that Italian bombing planes set fire to the 42,100-ton British battle cruiser Hood, world's biggest warship, scored two bomb hits on the deck of the 22,000-ton aircraft carrier Ark Royal, and two on "another English battleship."

The British admiralty issued a formal denial.

The Italian air blows, which were not confirmed in London, occurred Tuesday in an attack on the British fleet south of the Baleares islands, the high command asserted.

This was apparently the opening clash of the undecided battle between the British and Italian navies for control of the Mediterranean—climaxed when the Fascist war fleet reportedly was driven to the shelter of shore defense guns.

### \$44,402 ALLOTTED TO COUNTY WPA

\$13,338 To Be Contributed By County For 6-Month Period

LISBON, July 11.—Figures released by the Akron district WPA offices reveal that \$44,402 will be spent by the Works Progress Administration in Columbiana county for the six-month period ending Dec. 31, 1940, for labor on clerical and service projects. The projects are sponsored by the county commissioners, who will contribute \$13,338, or 23.1% of the total \$57,740.

Projects included in this classification are: Housekeeping aides with an average monthly employment of 62; sewing, 44; workshop, 10; delinquent tax records, 8; surplus commodities, 6; vital statistics, 5; revising treasurer's records, 4; historical records survey, 2; and public employees retirement system, 2.

### British Show Aggressiveness In Latest Military Actions

By DEWITT MACKENZIE.

If we could have lifted the roof off the Munich conference of the German-Italian partnership yesterday, we probably would have found the conferees as much concerned with the Italian-Italian naval battle in the Mediterranean as with the war-threats in the Balkans.

Actually the dangerous Balkan situation and this initial clash between the British and Italian navies are intimately related and both have a vital bearing on the Hitlerian plans for domination of Europe.

#### New Phase of War

For this battle on the blue waters of the Mediterranean marks the beginning of a new phase of the war. It is to determine who rules the seas and it is between the only two navies of any moment still left to Europe.

Upon the outcome hinges control of the entire Mediterranean area, the Near East and the Balkans. It is a crucial operation between Britain and the axis.

### GIRL HURT IN AUTO ACCIDENT

Goes to Hospital; Driver Is Held In Jail On Traffic Count

State highway patrolmen are continuing their investigation of an accident in which a Salem girl either fell, or was pushed, from a moving automobile on the New-garden road, one mile south of Salem, at 5 a. m. today.

The victim, Miss Mary Ostridge, 22, of 196 W. State st., is in City hospital, suffering from severe lacerations of the head and face. She also received body bruises.

Driver of the machine in which Miss Ostridge was riding, Joseph Kovach Smith, 27, of Robertsville, formerly of Salem, is held in city jail on a charge of driving a car with fictitious license plates.

Miss Ostridge, employed as a waitress in a lunch room here, told State Patrolman Robert Jones that Smith, whom she knew, offered to take her home. Instead, she said, he drove away from the city on the New-garden road.

#### Facts of Fall Hazy

Circumstances surrounding the girl's tumble from the machine are a bit hazy. Smith told the state patrolmen he didn't know right away that his companion was missing from the seat beside him. The car traveled 273 feet after the girl fell from the car, the state patrol report indicated.

No one was injured in a collision of two trucks on Route 14, five miles east of Columbiana, at noon yesterday. The vehicles were operated by Edwin A. Wright, 47, of Ellettsville, Pa., and James L. Puckett, 35, of Cincinnati.

Wright, who was alleged to have caused the accident, when he cut in front of the other truck, was fined \$10 and costs on a reckless driving charge by Justice Earl Spaulding at East Palestine.

### Oppose Compulsory Military Training

Butler - Perry - Salem Township Farm Bureau members, at a meeting Tuesday evening at Centennial park, adopted a resolution opposing compulsory military training for this country. Price Cope presented the resolution which will be sent to state senators and representatives.

Rev. Carl Bornuth gave a talk on "Back to the Land."

Music by Roger Cope and Sherman Goddard was featured.

"The Bugle" was read by Mrs. Ralph Crawford, followed by games and stunts in charge of Miss Erma Ramseyer, concluding the program. Lunch was served.

### HATCH MEASURE SUCCESS IS SEEN

Senate Has Only to Agree On Minor Amendments To Legislation

WASHINGTON, July 11.—Overwhelming house passage of the Hatch anti-politics bill assured today its early final enactment, for the senate had only to agree to minor amendments before sending the legislation to President Roosevelt.

Both the chief executive and Wendell Willkie, Republican presidential nominee, have endorsed the measure. It bars political activity by state, county and municipal workers paid in part with federal funds, limits campaign contributions to \$5,000 a person, and places a \$3,000,000 top on the expenditures of political committees.

#### Goes Through Quickly

With the potent backing of the two party heads, the bill went through the house in less than two days, although in the spring it had been a major controversy. The final house vote last night was 243 to 122, with 89 Democrats, 152 Republicans and two Progressives favoring enactment. Opposed were 120 Democrats, Rep. Ball (R., Conn.) and Rep. Marcantonio (A.-L., N. Y.).

Ohio representatives voted as follows on the bill: Democrats for: Crosser, Harter, Hunter, Kirwan, Polk and Secrest. Republicans for: Bender, Bolton, Brown, Cleveland, Elston, Hess, Jenkins, Jones, Lewis, McGregor, Marshall, Routhahn, Smith, Secombe and Vorys.

### \$2,321 Is Spent By County For Relief

LISBON, July 11.—The cost of administering relief in the county relief area for June amounted to \$2,321.56, which, in addition to \$7,327.98 expended for direct relief, brought the total cost of relief to the county for the month to \$9,649.54.

The administrative costs included \$951.89 for relief; \$577.84 for handling surplus commodities; \$637.99 for WPA certification, and \$289.94 for pre-audit of relief bills, and the sponsorship of the sewing project and housekeeping aid project at \$100 and \$24.99, respectively. Each township operated within or under its allocation for the month to produce a saving of \$1,864.02.

### MARKS FIFTIETH YEAR AS PASTOR

Dr. R. F. Mayer, Chardon, Formerly of Salem, Likes to Travel

A lover of travel who hopes to do "a lot more traveling," Dr. R. F. Mayer, pastor of the Chardon Methodist church, former Salem pastor, has just rounded out 50 years in the ministry as a hale and hearty man of 73.

His longest trip was made two years ago when he traveled through Europe and the Holy Land. He has admitted that such an excursion would be entirely out of the question in these war days. The only tension he sensed then was in Palestine, he recalled today.

Former superintendent of the Cambridge district of his church and possessor of three degrees from Baldwin-Wallace college at Berea, near Cleveland, he has served in Ohio pulpits at Bridgeport, Clyde, Cuyahoga Falls, Orrville, Port Clinton, Mount Vernon and Salem, going to Chardon from the First Methodist church at Steubenville.

New edifices were erected in his pastorates at Orrville, Cuyahoga Falls and Mount Vernon.

He is the father of four children two of whom are also in the ministry. They are Rev. Sidney Mayer pastor of the Cuyahoga Falls Methodist church, former pastor of the Salem church, and Rev. Theodore Mayer pastor of the Rocky River Methodist church.

His daughter, Mrs. Doris Klusky, is engaged in child welfare work in Cleveland. A third son, Philip, is director of adult education work in Steubenville.

### Railroaders Set For "Sultner Day" At Lisbon Sunday

LISBON, July 11.—Next Sunday, July 14, will be observed by railroad men, members of the Railway Conductors' union all over the United States, as "Sultner day" when members of the organization come to Lisbon for their annual visit with Frank J. Sultner, Green st.

This will be the 15th annual visit of the railroad conductors and their wives to the Sultner home, more than 200 attending the reunion a year ago. They came from all over Ohio, Pennsylvania, Arkansas, and Chicago, arriving here during the forenoon and spending the day socially.

Frank Sultner was for many years a conductor on the Pennsylvania railroad, running between New York and Chicago, and a number of years ago was compelled to quit work owing to ill health. He lives with his sister Alma, at 111 Green st.

### HORSES KILLED BENEATH THEM, BY LIGHTNING

Women Riders Escape With Bruises, Lacerations and Burns

UNDER TREE AS LIGHTNING HITS

Rainstorm Floods Downtown Streets; Autos Stall In Water

Three Salem women—Ila Lydick, 24, Clara Dyck, 34, of 930 E. State st. and Pauline Hilditch, 21, of 353 S. Ellsworth ave.—miraculously escaped death during yesterday afternoon's thunderstorm when two of the three horses they were riding on the Brooks farm No. 1 riding academy grounds, were killed by lightning.

The electrical discharge occurred when the trio sought shelter under a tree about 2:50 p. m., after the rain storm broke. Two of the animals fell dead under their riders, while the third horse, stunned, threw its rider when it pitched forward.

The girls had gone to the riding academy, operated by R. H. Taylor, about 2 p. m. They were urged by Taylor to wait when they started to sprinkle, but they decided to go on. When the downpour came, they sought shelter under the tree.

#### Strikes Suddenly

The lightning hit so suddenly that the girls did not realize what had happened. Miss Dyck was pinned against the tree when her horse fell. Miss Lydick's horse fell against Miss Hilditch's mount, which staggered and she was thrown over its head.

She suffered a possible back injury and bruises. Miss Lydick suffered a sprained ankle, lacerations and abrasions. Miss Dyck received lacerations and abrasions.

In the meantime, another rider, Robert Clunan of 957 South ave., had taken shelter under another

tree about 50 yards away. He came to the rescue of the girls and succeeded in getting them from under the horse.

They said that the lightning made their ears ring and that they felt numb for awhile afterward.

#### Fails to Leave Mark

Taylor and other observers said today that the electrical discharge failed to leave a mark, either on the tree or upon the horses.

The riders went to the Central Clinic, where they received first aid treatment.

The animals killed were valued by Taylor at approximately \$100 apiece. He valued them particularly because of their gentleness and their availability for beginning riders.

Little damage was reported generally from the storm, which descended suddenly upon the district. Water ran rampant in gutters, and the intersection of E. State st. and Lincoln ave. was flooded. Several automobiles stalled in the water and were pushed out by trucks.

### Garment Industry Workers Are Idle

NEW YORK, July 11.—Machines and men and women were idle in New York's ordinarily bustling garment district today.

Thousands of workers in the cloak and suit industry reported at their shops, but did not work to force labor demands in negotiating a new contract.

The stoppage was ordered by the New York joint board of Cloak-makers unions, affiliated with the International Ladies' Garment Workers union (AFL).

At Gov. Herbert Lehman's invitation, representatives of the union and employers will confer with him in Albany this afternoon in an effort to avert a threatened strike.

### Auditor Receives Examiner's Report

LISBON, July 11.—The county auditor's office received from the state today a report of State Examiner A. S. Vail of the examination of the township records and files, including justice of the peace courts, covering a period from Aug. 1, 1937, to March 16, 1940.

The report lists findings totaling \$24,355.44, none of any consequence. Some were reported as overpayment for services and others for balances due individuals. Amounts ranged from 34 cents to \$174.

## THE WHEREWITHAL

One of the things Democrats should include in their manifesto of good intentions at Chicago is a sound plank on spending.

A lot of water has run down the well since New Dealers started to prime the pump. In the next fiscal year the United States will spend more money for armaments than the Workers Alliance ever dreamed of spending for relief. Not only will this kind of public spending prime the pump; it will dig a whole new well.

The Democratic party has not yet recognized the drastic change which has occurred. Being the party in control of the government, it is responsible for national policy. There is an extensive job of renovation to be done before its spending policy can be called up to date.

Democrats must go further than the Republican platform makers went in defining the terms of a sound fiscal policy. The latter merely declared that public expenditures, other than those for national defense, should be cut to levels essential for the normal functioning of government. That could mean almost anything. It is like a family promising to spend no more money than is necessary, but making the word "necessary" broad enough to include everything.

In war as in peace the rocks of a loose fiscal policy loom large. It is not enough merely to admit their presence and trust to luck they won't be hit. Existing appropriations should be pared by as much as 10 percent, not only in the federal government, but all along the line. Deficit spending for any purpose other than national defense should be stopped immediately. The public should be bolstered in confidence by firm assurance that billions for defense are not going to be added to an already swollen budget without some attempt to reduce the swelling. Otherwise, defense taxes will forfeit support.

The chances of the Democratic convention clearing the air in its platform next week are about one in 1,000—which is an indication of the hold pressure groups have gained on political parties. Nevertheless, the plain fact of the matter is that unless the United States can make one chance in a thousand materialize, by means of the Democratic party, the Republican party or intelligent leaders in both parties, the battle to make this the world's strongest nation is lost before it's fairly begun. The first objective in preparedness is the wherewithal, no matter what it's called. In the United States it's called dollars.

## THE WARNING CLICK

Under the formula of cooperative aggression, Japan's agitation over an "insult" by U. S. marines plainly means the battle of Britain is about to begin. The same plan in the past has called for Japan and Italy to distract British attention from Germany at crucial moments. Every time a new conquest was scheduled Great Britain was given something to worry about in the orient or the Mediterranean.

According to the same strategy it now would be desirable to give the United States a stiff scare about the possibility of war with Japan lest when Germany begins its final drive against Britain the possibility of intervention appear too real for Germany's comfort.

As long as Japan is threatening trouble the U. S. fleet must remain in the Pacific, and it would be the fleet which might save the British from the Hitlerian conquest in a tight battle. Common sense warns that the "incident" which the Japanese have created is the warning distraction. The battle of Britain is about to begin; the United States is being given something to think about on the other side of the world.

Friendly little people, the Japanese.

## LINEUP FOR THE BIG GAME

Completion of the Republican big three with Rep. Joseph W. Martin Jr. as national chairman gives Mr. Willkie and Sen. McNary—the two best men for their posts as the nominees—the best man for the post of campaign manager.

Rep. Martin has the confidence of Republican members of the house, some of whom were unwilling to get behind Mr. Willkie while the convention was in progress. Political opponents concede he is one of the ablest legislative leaders ever developed by the Republican party; he is as highly regarded in the house as Sen. McNary is regarded in the senate. Mr. Willkie is lucky to have two men who can coordinate his campaign and the campaigns of Republican congressmen. There will be no fumbling in the kind of organization being set up for this campaign.

John D. M. Hamilton of Kansas, who became national chairman in 1936, will serve as executive director of the campaign under Rep. Martin. This will give the party the benefit of Mr. Hamilton's dynamic personality while placing responsibility for policy formation on Rep. Martin. From where the public sits, it looks like the most talented ball carrying lineup since the Four Horsemen of Notre Dame.

## IT DIDN'T JELL

Unless something unexpected happens, transfer of Mexico's presidency from Lazaro Cardenas to Manuel Avila Camacho will be carried off without unusual disorder. In a Mexican election anything up to 500 deaths is a disorder; from 500 to 1,000 is a bloody insurrection; more than 1,000 is a first class revolution. These definitions have been worked out on the bloodshed basis of Harlan county, Kentucky, where politics is played for keeps too.

Juan Andreu Almazan, defeated candidate, hoped to stir up enough unrest to justify a real crisis in Mexican affairs, but apparently the crisis isn't going to jell. A third candidate, Rafael Sanchez Tapia, was posted but hasn't been heard of recently. Like

Norman Thomas of the United States and the British division dispatched to France, he just disappeared. When it's recalled that in 1934 Candidate Cardenas polled 2,268,567 votes to 24,690 for his nearest rival, the disappearance of Candidate Almazan, who was running against the "machine," may be forecast too.

Those whose birthday it is may be happy in the expectation of very happy and felicitous conditions and benefits through their strictly private rather than business activities.

A child born on this day may be gracious, gentle, artistic and refined with inclinations tending to social, romantic and domestic welfare rather than business.

The British camouflage a retreat in the high-sounding phrase, "readjustment of position." This is also known as having enough sense to come in out of the rain.

At times there are some unique phrases carried over the radio. Here is one: "That is a matter for the future at present." But one never knows what they may hear.

Just tax: One that soaks only one voter in fifty. Unreasonable and outrageous tax. The same one if it hits everybody.

Nothing quite equals the wild, unfettered brand of surprise experienced by the little boy getting stung by a bee for the first time.

## KEEPING OUR FINGERS CROSSED!

## Concerning that Thyroid Gland

Doctor Tells How Important It Is

By LOGAN CLENDENING, M. D.

THE THYROID gland in the neck is one of the four most important glands of internal secretion. It works along in conjunction with the other three—the pituitary, the adrenals and the pancreas.

An enlargement of the thyroid gland, goiter, usually means that there is an increased secretion, and when the gland atrophies we think of a decreased secretion which in an advanced form leads to a condition known as myxedema. However,

Dr. Clendening will answer questions of general interest only, and then only through his column.

there are many minor forms of thyroid deficiency not serious enough to be called myxedema. In a series of cases examined at the University of Kansas Endocrine Clinic, less than 10 per cent composed the advanced forms of deficiency of thyroid secretion.

When It's Lacking It is often thought that a lack of thyroid secretion produces obesity, overweight and a phlegmatic mental state, but in the minor forms quite the opposite is true. Obesity is very seldom the result of lack of thyroid secretion and most of these patients are quite definitely underweight.

Instead of being phlegmatic, a great many of these minor forms of thyroid deficiency were nervous; they had often first been diagnosed as neurasthenia or hysteria by other physicians and had quite frequently been given sedatives.

Dry skin and hair, mental and physical sluggishness, constipation, obscure aches and pains, headaches, acne (the pimply face) of adolescence, lack of bone development, the falling out of the hair, itching, sensitivity to cold, palpitation of the heart, are all subject to treatment by the proper adjustment of the decreased thyroid activity.

Get Doctor's Advice The logical treatment when there is a deficient thyroid secretion is to supply the thyroid extract taken from animals and given by mouth. This is available, on the judgment of a physician and can be obtained in proper strength. On the use of this, many of these patients fatten up and, curiously enough, say that

it makes them sleep better and alleviates their nervousness. Children held back at school on account of poor scholarship have skipped a grade on taking the needed thyroid extract.

The dry skin and oily face of the adolescent youth who has acne frequently clears up under the use of thyroid extract.

Children take thyroid extract very well, although it should always be taken under the care of a physician, and frequently administration should be stopped for several days in order to reduce the amount of stimulation which the drug invariably causes.

Questions and Answers M. R.—My husband and myself take two tablespoons of Russian mineral oil nearly every night for constipation. We are 41 and 43 years old. Please tell me will that do us harm if we continue?

Answer—I believe that Russian mineral oil is the best thing to take for chronic constipation. It does no harm.

EDITOR'S NOTE: Dr. Clendening has seven pamphlets which can be obtained by readers. Each pamphlet sells for 10 cents. For any one pamphlet desired, send 10 cents in coin, and a self-addressed envelope stamped with a three-cent stamp, to Dr. Logan Clendening, 235 E. 45th st., New York. The pamphlets are: "Three Weeks Reducing Diet," "Indigestion and Constipation," "Reducing and Gaining," "Infant Feeding," "Instructions for the Treatment of Diabetes," "Feminine Hygiene" and "The Care of the Hair and Skin."

## OUR READERS

ST. LOUIS CONVENTION Editor, The News: St. Louis, the past week, entertained one of the largest patriotic and democratic conventions held in many years in this country.

More than 12,000 voting delegates from every congressional district in the United States gathered to reaffirm their faith in the democratic government of America, and in the Townsend national recovery plan as an economic measure to return this country to normalcy and prosperity.

The followers of this movement are now beyond ridicule. The plan is a definite step forward in the direction this country must take to preserve its unity.

The followers of this plan declare that security and comfort for the aged, work and happiness for the youth, will build up a defense for this country that will be impregnable to any foreign foe.

It is admitted by economists and

political observers that the present low business volume is due entirely to lack of purchasing power of the masses.

Dr. Townsend, with his plan, holds the key to the situation: Increased purchasing power, through controlled circulation of money.

The convention went on record opposing the involvement of America in the present European war, as this would surely take from the citizens of this land their freedom of press and speech and virtually set up a dictatorial government which might be hard to set aside, even after the war is over.

The movement has grown with such a tremendous momentum that the opposition is astounded. They claim now a majority in the senate and are less than 30 short of a majority in the house.

Anyone interested in the welfare of this country and the preservation of its democracy, will do well to investigate this plan.

# HAPPY RELIEF FROM PAINFUL BACKACHE

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

ST. LOUIS—The male sex may have lost much of its prerogatives but it is still the stronger of the two sexes as far as hearing is concerned. Dr. Fred J. Cohen of Wichita, Kas., told the convention of the American Osteopathic Society of statistics on 500 cases of deafness which he diagnosed disclosed that women have a 14.5 per cent greater chance of becoming deaf than do men.

## DISPUTE ROCKS OHIO COLLEGE

### Little Alfred Holbrook Is Torn By Row Over Management

(By Associated Press)

MANCHESTER, July 11.—Alfred Holbrook, the little college on the Ohio river whose football teams have campaigned over a wide area and bested many of their bigger rivals, was torn by a bitter management dispute today and shorn of its accredited standing.

Closely following dismissal charges filed by members of the board of trustees against President H. E. Cunningham, who refused to relinquish the post, E. N. Dietrich, state director of education, reduced the school's rank.

**Below Standard, Dietrich Says**

A survey of Holbrook's "plant, faculty and facilities" revealed that the school was below standard, Dietrich said. Only 40 students were enrolled for the summer course and the type of instruction "failed to measure up to what we consider necessary for a teacher training school," he added.

Sixty-five full-time students were enrolled last winter. The dismissal charges were the result of a dispute over moving the college to Portsmouth, trustees claimed.

Five members of the board, with seven present, voted the presidency vacant, Secretary R. C. Wilkerson said, and charged Cunningham with: (1) blocking an endowment from J. W. Hauserman of the Philippines, a trustee; (2) advising students not to enter Holbrook this summer or next fall and (3) spending ear-marked funds for unintended purposes.

Roy Blackburn of Manchester, president of the board who did not vote in the ouster proceedings, asserted:

**Will Test Legality**

"Dr. Cunningham doesn't expect to resign. We are going to test the legal standing of these members who voted for his dismissal. Don't think he tried to stop this endowment \$2,500, but merely told Mr. Hauserman the truth about the possibilities of moving the college."

"I think the dismissal was illegal because I didn't call the meeting and no one acted as chairman."

Wilkerson said several members of the board favored moving the school to Portsmouth and voted July 27, 1939, for the move 4-2, without a sufficient number to legalize the change. Cunningham has a 10-year contract made in 1935.

taken to Salem City hospital Tuesday for observation.

## Hits Fifth Column

CLEVELAND, July 11.—"America must smash the fifth column in the United States now," Gov. John W. Bricker told 2,000 persons at a citizenship rally here yesterday. "Call them what you like—Socialists, Communists, Nazis or fifth columnists—America must be strong enough to wipe them out," he asserted.

## Fugitive Caught

CLEVELAND, July 11.—Robert Lipscomb, 19-year-old Negro who escaped from a Detroit jail and wrecked a stolen automobile near here, killing a hitch-hiker, was returned to that city by Detroit police last night. Thomas Alex, 23, of Toledo, was the crash victim.

## Barberton Loses

BARBERTON, July 11.—Barberton's population of 23,667 is 267 below the 1930 total, census figures showed today.

## DIES UNCOVERS ANOTHER BUND

### Un-American Probe Turns to Governments "Not Far Away"

AUSTIN, Tex., July 11.—Rep. Dies (D-Tex.) found a new bund and turned his sights on activities of governments "not so far away" as he called more witnesses today before the congressional committee investigating un-Americanism.

The name of the latest bund uncovered in the probe was not made public. Dies said a chapter had been found here.

He said he was anxious to avoid doing an injustice to any innocent person—a great many persons of German decent are patriotic and loyal." He added that the only post reported is in Austin.

Busy with a probe into the Kyffhauserbund, an offshoot of olden Germany's Kriegerbund (warriors), Dies hinted he soon might look into asserted communist sponsored maritime strikes.

**Flays Free Trips**  
He criticized the practice of totalitarian countries in giving naturalized Americans free trips to their native lands.

He said an effort was made abroad to convert naturalized Americans into sympathizers with other governments.

"After the return of some visitors we have concrete evidence of activity in behalf of these countries," Dies said.

He mentioned trips to Italy given youths, who wore Fascist uniforms abroad, and persons taken to Russia for free education at Lenin university.

While in Texas, he said, he plans to question witnesses concerning the activities of foreign governments "not so far away from the United States."

Herman Koetter, chairman of the Kyffhauserbund, at Houston, Tex., said the bund, composed largely of soldiers of former imperial Germany, was a social organization.

## Physician Dies

CLEVELAND, July 11.—Dr. John T. Henderson, 73, veteran Cleveland physician, died in a hospital last night. He was injured in an automobile accident July 3. Born in England, he went to Niles, as a youth of 15.

## BRITISH LOSSES HIGH, SAY NAZIS

### Germans Claim Great Destruction In Kingdom Shipping

(By Associated Press)

Germany's assault on British sea lanes life lines of the United Kingdom, has wrought great destruction on shipping, costing Britain 609,000 tons by submarine attack alone in the last six weeks, the Nazi high command proclaimed today.

This rate of sinking exceeds that of the World war period of unrestricted submarine warfare, when U-boats of the imperial navy and other action sent down an average of 250,000 tons monthly.

The Nazis declared their sea

campaign rapidly was becoming a starvation blockade of the British Isles. Nazi claims were a reminder of the early months of 1917 when the United Kingdom had a 70 supply sufficient for only three weeks.

Defiantly, Minister of Agriculture R. S. Hudson told the house of commons that Britain would eat—regardless of German submarine and bombers.

Nazi bombers rained England again. The government reported a "few" deaths and claimed that raiders had been brought down.

Italy reported the loss of 230 Italian and Albanian officers and soldiers in the sinking, after an explained fire, of the Italian motorship Pagannini June 28 off Durazzo, Albania.

Britain is making progress in effort to make friends with Russia, Germany's economic neighbor, the house of commons was told by R. A. Butler, foreign affairs secretary.

## HUNGARY JOINS 'COMMON FRONT'

**United With Germany, Italy Against Britain, Berlin Says**

BERLIN, July 11.—Hungary, as a friend of both Germany and Italy, definitely has joined the common front against England in southeastern Europe, authorized German sources declared today. And the three states will resist any attempts to carry the war to the Balkans. It was asserted.

The German sources said that the Hungarian leaders, Premier Count Pal Teleky and Foreign Minister Count Istvan Csaky, gave assurances in their Munich conference with the Germans and Italians that they would wait patiently for revision of Balkan territories until scores first had been settled with England.

The German reaction came as Teleky and Csaky returned to Budapest, where they faced the job of preparing the Hungarian public to renounce their hopes for immediate return of Transylvania, lost to Rumania through post-World war settlements.

Italian Foreign Minister Count Galeazzo Ciano, another of the conferees at Munich, returned to report to Mussolini.

"United In Solidarity"

Informed German sources here asserted that Germany, Italy and Hungary "are united in complete solidarity on all questions of peace, war and the economic stability of the southeast."

Hungary, they said, now sees eye to eye with the axis partners in realizing that the Balkans are an important source of supplies for the economic needs of the belligerents and thus no disturbance can be tolerated.

All three of these powers, German sources said, are striving to free the Balkans of all hatreds and injustices, with the aim of a durable peace.

The German press devoted increased attention today to United States affairs, speculating on what effect Nazi victories would have on the Democratic national convention.

The Deutsche Allgemeine Zeitung suggested anyone at the Chicago convention "still placing the British fate ahead of the American should bear in mind that France's fate was sealed in six weeks."

## Barberton Plant Strike Called Off

AKRON, July 11.—Settlement of a four-day strike at the Barberton plant of Babcock & Wilcox Co. opened the way for resumption of operations today and work on navy orders.

The AFL federal union, which called the strike last Sunday to enforce wage demands, approved the settlement last night after Special Conciliator James F. Dewey of the U. S. labor department urged employees to return to work "in the interest of national defense."

Company and union representatives and Dewey drafted the settlement terms, but declined to discuss them.

It was reported reliably, however, that the company granted a small increase in hourly wage rates and that a four-man committee of company and union representatives would make a 30-day study of wage and living conditions preparatory to possible further wage adjustments.

## Locked In Cupboard

CINCINNATI, July 11.—Three Negro children found near exhaustion in a locked cupboard of a westend flat were under the care of hospital nurses today. Police Maj. Elmer O'Neil said the trio, 1 1/2 to 5 years old, apparently had been imprisoned several days and expressed surprise they lived.

## Injuries Fatal

TIFFIN, July 11.—Maxine Fulmer, 31, of Medina, died in a hospital here last night of automobile accident injuries.

## 4-H Club News

**Four-Leaf Clover**  
The Four Leaf Clover 4-H club will hold its next regular meeting July 18 with Phoebe Borton. Plans will be discussed for camping and sewing will be the pastime.

The program given at their social Tuesday evening was: Vocal duet, "Dreaming," Esther Hoffman and Edna Mather; monolog, "Just Mary Louise," Charlene Morton; music, Welch sisters; pantomime, "The Storm Broke," Ethel Yates and Grace Batzli, read by Miss Helen Greenstein.

Vocal trio, "The Garden Waltz," Nancy Sampson, Esther Hoffman and Janice Israel, accompanied by Nancy Sampson; playlet, "Betty Revives," Elma and Edna Mather; recitation, "The Flag," Ruth Martig; vocal solo, "The Blue Danube," Mary Batzli; recitation, "Friends," Phoebe Borton; music, Welch Sisters; play, "Toby Asks the Question," Helen Charlton and Anna Grace Hoffman; song, "Playmates," chorus. Refreshments were served.

Columbiana county 4-H clubs are planning to hold their annual tours Tuesday, Wednesday, and Thursday, July 16, 17, and 18. On Tuesday a county tour will be held, including a trip through the court house, Berge's Bretzel factory in Leetonia, a swim in Firestone park at Columbiana, and visits to the Franklin Furniture company and the Northeast Ohio Poultry association plants in Columbiana.

The Wednesday tour will take the clubs to Akron and will include visits to the Quaker Oats Company, Akron Beacon Journal, Goodyear Tire and Rubber company, the "Rubber Bowl," Derby Downs, and the Zepplin dock.

The Thursday tour will include the Ohio Agricultural Experiment Station in Wooster, the cold storage locker plant, and the Wooster Rubber company in Wooster, and a stop at the highway patrol barracks in Massillon. Each 4-H club and its advisor chooses one of the tours of the three planned. Tours were planned by the agricultural extension service in Lisbon.

**4-H Plans Camp**  
Columbiana county 4-H clubs will camp at Camp Crag in Medina county again this year. Junior camp for club members 10 to 14 years of age will be held July 25-28. Senior camp will be held from July 28 to Aug. 1. Columbiana county will camp with Mahoning, Stark, and Portage counties.

An interesting program of crafts, swimming, recreation, vespers, and campfires is being planned. Club members interested in attending camp should get in touch with the county extension office in Lisbon.

**Homemakers to Tour**  
Travel thrills galore will be packed into a seven days tour for Ohio home makers, scheduled for August 12-18. This is the fifth Ohio rural women's tour. Rural homemakers will have the opportunity to see many historical spots in

## Quebec, Montreal, and eastern U. S.

For further details concerning this trip write to the agricultural extension service, Lisbon.

**Stitch and Stir**  
The Stitch and Stir 4-H club met Monday at the home of the advisor, Miss Helen Kloos, on the Depot rd., to take up special work.

At a short business meeting plans for the club tour to Wooster July 18 were dismissed and roll call was answered by favorite desserts. Club members worked on their surprise project for the year.

The club's next meeting will be a picnic today at Guilford lake.

## Theater Attractions

First of the Walt Disney feature-length cartoons since "Snow White and the Seven Dwarfs" is his "Pinocchio," also a child's fairy story, which shows at the State theater Thursday through Saturday.

The original story was written by Carlos Lorenzini, who wrote under the name of C. Colodi, more than 10 years ago, patterned after the "Pinocchio" puppet shows which had been popular in Europe for centuries.

Following the scheme of light opera, it contains several songs, which further the plot concerning an old woodcarver, Geppetto, who creates a little puppet. Because he is a kindly old man and wants a little son, the Blue Fairy gives the puppet life, but the doll must prove himself worthy of becoming a real boy before he can be the Woodcarver's son. His adventures and scrapes, with his cricket-friend, form the action of the story.

A delightful piece of film entertainment for young and old, "Pinocchio" will take its place with the other Disney features as a major screen production.

At the Grand Friday and Saturday is a Hopalong Cassidy story, "Stagecoach War," with William Boyd, Russell Hayden, Julie Carter and Harvey Stephens.

## Preparedness For U. S. Is Urged By President's Wife

LAKEVILLE, July 11.—European war developments, in Mrs. Franklin D. Roosevelt's opinion, compel the United States to seek peace through preparedness or to take "Gandhi's way" of passive resistance.

"No one in this country that I know wants to go to war," said Mrs. Roosevelt last night, addressing 4,500 northern Ohio clubwomen and Lakeside summer resorters. "Neither do I know of anyone among us who desires to live under any other government than our own."

America faces a world in which "force is dominant," the first lady observed.

"We could take Gandhi's way, or we can meet it by being so strong that perhaps no one will dare to attack us."

She recalled the futility of the 1914-1918 World struggle, then added: "I have to face reality when I see it. I have to realize we are not facing any situation of our choice. Belgium did not want to go to war. Norway, Denmark and The Netherlands did not want war."

"Questions we face today are: What does democracy mean to us? What are we willing to sacrifice to keep it?"

Mrs. Roosevelt said she favors universal disarmament to insure peace, but disarmament in which "not one or two nations are armed."

## TOTAL DEFENSE SUPPORT SEEN

Congress Indicates Readiness to Approve Fund Request

(Continued from Page 1)

gressional comment.

A few legislators expressed doubt that the additional money and authorizations could be utilized immediately in view of the existing arms backlog. Senator Frazier (R., N. D.) said the recommendation sounded as if it were "for a foreign war, rather than national defense."

Mr. Roosevelt, in his message, divided his request into \$2,161,441, 957 cash and \$2,686,730,000 contract appropriations.

### Five Objectives

The objectives, he said, were five-fold:

1. To carry forward construction of a fleet equal to any possible hostile combination.

2. To provide equipment for an army of 1,200,000 men.

3. To build up a reserve of tanks, artillery, ammunition for another 800,000 troops, if they should be needed.

4. To gear industrial resources not only to produce defense items now on schedule, but also to supply an army of 2,000,000, if necessary.

5. To procure 15,000 more planes for the army, and 4,000 more for the navy.

The first point listed by Mr. Roosevelt contemplates an actual start of construction on the "two-ocean" navy. The bill which the senate passed yesterday authorized a seven-year program to add the necessary 200 combat ships to the fleet but carried no funds to get work under way.

The recommendation for 19,000 more planes looked to creation of a combined air force of 36,000 planes by the autumn of 1941—a big jump toward the President's 50,000-plane goal.

Mr. Roosevelt recounted his past efforts in behalf of preparedness and his statements on the international situation during the last seven years.

### Coins New Phrase

He coined a phrase—"the new enslavement"—to describe the many threats which he saw to the nation today.

"That we are opposed to war is known not only to every American, but to every government in the world," he asserted, and then enunciated a two-fold policy:

"We will not use our arms in a war of aggression; we will not send out men to take part in European wars."

"But we will repel aggression against the United States or the western hemisphere."

He gave indirect endorsement to compulsory training legislation now pending in congress.

Senator Lodge (R., Mass.), an army reserve captain, immediately introduced a bill calling for selective service for enough men between 21 and 25 to give the army a standing force of 750,000, or treble its existing strength.

Mr. Roosevelt's statement that no doughboys would be sent to European battlefields was hailed by some congressional leaders as foreshadowing a strong "non-intervention" plank in the Democratic platform.

The recessing of congress tonight for the Democratic national convention precluded immediate action on the new defense program, but plans were made to start work on it by July 22.

Before the recess three members of the house military committee, back from a survey of northeastern coast defenses, recommended that the United States acquire and fortify fleet and air bases in Nova Scotia and Bermuda.

### Lightning Fatal

ELYRIA, July 11.—Lightning killed Charles Kozar, 14, of Cleveland, while he was visiting a farm near here yesterday.

WILLIAMSTOWN, Mass.—A bottle of imported champagne is being offered as third prize in a creative literature contest for Williams College freshmen sponsored by "Sketch" college monthly. The first two prizes are cash.

## Here and There About Town

### Quota Club Has Quiz

A quiz on club history and activities, to acquaint new members with the club program and background, was a feature of the meeting of Quota club at the Memorial building Tuesday evening.

Misses Blanche Kyle and Ruth Hoch were in charge of the dinner and program.

Members will hold their annual picnic at the Hoch cottage at Lake Milton on July 23.

### Recent Births

John Birk of 187 W. State st. had his tonsils removed yesterday in Salem City hospital.

### Pressing Problem

SALT LAKE CITY—The government is going to sell Meteorologist J. Cell Alter's pants.

Alter, advertising a public auction, said the pants—once used in a snow survey—are among surplus equipment at the weather bureau.

## ITALY ADMITS AERIAL DAMAGE

Says 300 Planes Took Part In Battle With British Fleet

(Continued from page 1)

insisted today that Russia has no intention of making any demands on Turkey.

Relations Good, Says Russia

"There are no reasons for the U. S. S. R. to attempt to get control of the Dardanelles," a spokesman said. "Our relations with Turkey are good, and the straits are open to us."

Comparative quiet prevailed in western Europe, after yesterday's great aerial battle over Britain, though some German planes attacked various areas and the government reported "a few" deaths.

A lone Nazi raider was reported to have machine-gunned civilians and a fire engine crew in the streets of a southeast English town, killing two persons, and bombed and machine-gunned cattle in a marsh.

The plane was believed shot down in the sea later by British aircraft.

Warned that the zero hour for England may be near, British soldiers guarded their bustling coastal ramparts and fighter planes were warmed up to meet any come-back attack after the war's hardest air fight over Great Britain.

There was no sign of a dawn attack that Sir Edward Grigg, undersecretary of state for war, predicted would make yesterday's heavy bombing and bitter dogfights only the prelude to real blitzkrieg. Sir Edward told commons:

"Thousands of our soldiers will be on the alert, waiting for an attack which may come in several places at dawn."

### Always Ready

Members of parliament interpreted this as emphasizing that Britain's defense forces are always ready these days.

British guns and fighter planes brought down 14 of yesterday's raiders and badly damaged 23 others. An undisclosed number of persons were killed in inland bombings. At times as many as 150 planes battled over the coast.

Germany claimed one cruiser sunk, another damaged and four merchant ships sunk and three others hit in a bombing raid on a convoy in the straits of Dover.

The British government, meanwhile, virtually gave up hope that Ireland (Eire) and Northern Ireland (Ulster) would work out a defense pact to strengthen Ireland to resist a possible German attack to gain a foothold for a blow at England.

Canada opened her first full-fledged recruiting campaign to raise 40,000 men for the Canadian active service force and to train 37,000 militiamen during early August.

Paraguay received for consideration a new constitution widening the powers of President Jose Felix Estigarribia's administration in the social and economic spheres, and centralizing authority. A plebiscite will be held Aug. 4.

In Mexico, armed precautions were taken against renewed violence in today's abatement of votes in the heated presidential contest between Gen. Juan Andrew Almazan and his government-supported rival, Gen. Manuel Avila Camacho.

A meeting of Japanese at Shanghai last night called for official apology for mistreatment they said was accorded Japanese military police who were arrested by U. S. Marines when they entered the marines' defense district without permission. Marine Commander Col. Dewitt Peck said only three of 16 Japanese were bruised severely enough to require "iodine treatment."

## Rumania's Foreign Minister to Confer With Nazi Leaders

BUCHAREST, July 11.—Foreign Minister Mihail Manollescu was reported in diplomatic quarters today to have received an invitation to fly to Berlin to discuss Rumania's foreign policy—particularly in the light of Hungarian demands for the Rumanian province of Transylvania.

It was also reported Manollescu would ask German consideration for a plan whereby Russia would be asked to return the newly-ceded northern Bucovina to be set aside as a semi-autonomous Rumanian state for 100,000 Germans now living in Bessarabia.

Bessarabia also was ceded to Russia following a Soviet ultimatum to King Carol II's Balkan kingdom.

At the same time, the government took a firmer stand against further territorial concessions to their neighbors following the German-Italian-Hungarian parley in Munich.

Government spokesmen declared this nation would not consider any Bulgarian demands for territorial readjustments. Bulgaria claims southern Dobruja.

They also reiterated the declaration in official circles that Rumania would not cede one inch of Transylvania to Hungary, but would be willing to discuss a transfer of populations.

Willkie To Invade Democratic South

COLORADO SPRINGS, Colo., July 11.—Wendell L. Willkie said today he would make an active campaign for votes in the "solid" Democratic south.

Willkie told reporters that while his campaign plans were indefinite, he would "undoubtedly make a number of talks in the south during the coming campaign."

The Republican nominee, here for a vacation with Mrs. Willkie, said he would spend today "just reading and resting."

The nominee talked yesterday with Gov. Ralph L. Carr of Colorado who asserted that Willkie would sweep the west in the November election and added to reporters: "I'm not kidding you."

Horse Hoist

CAPE GIRARDEAU, Mo.—Old Dobbin has bowed again to the machine age.

Louis Howell's horse, drawing a cultivator, fell into a dirt-covered pit seven feet deep. An automobile wrecker was called to get the animal out.

## HATCH MEASURE SUCCESS IS SEEN

Senate Has Only to Agree On Minor Amendments To Legislation

(Continued from Page 1)

Democrats against Claypool.

The legislation supplements the Hatch law, enacted last year, forbidding political activity by most federal employees. This year's bill covers many state highway department workers, agricultural agents, and the like. All workers affected by the two measures may continue to vote but can not participate in political campaigns or management.

Subject to Dismissal

Violators will be subject to dismissal. State and local agencies which do not dismiss violators will be liable to a penalty equal to the accused employee's compensation for two years. Such cases are subject to review by federal courts, but the house struck out a judicial committee amendment which would have permitted trial by jury.

Although the bill in general limits national campaign contributions by individuals and organizations, including business concerns, to \$5,000 a year, state and local party committees were exempted from this provision under a last minute amendment.

Firms under contract or seeking a contract, to be financed in any part with federal funds, are denied the right to make any political contributions.

Another provision bars contributions in the form of purchases of such articles as the Democrats'

1936 "campaign book," which in some cases brought \$100 a copy, or advertising therein.

"JUST AS they're going wild about the wonderful meals at Hainan's! There's nothing I enjoy more than good food. I think I'll try one of their delicious dinners!"

# NATIONAL LEAGUE LOOKS FORWARD TO SERIES

## ALL-STAR GAME VICTORY BUOYS SENIOR LEAGUE

### World Series No Longer Holds Fear For National Clubs

By BILL WHITE.

You hardly can blame the National leaguers for being excited. For the first time in five years, winning the league championship will be an honor, not a one-way ticket to the guillotine.

In the past four years if a team won the pennant, it simply meant the unfortunate had to suffer the humiliation of playing the Yankees at least four games.

But the National league All-Stars, as they went back today to their various teams to resume the business of selecting a league champion, did so with a lift and a swagger that has been noticeably missing in the past.

#### Just Another Club

For out in St. Louis they had seen for themselves what they had been reading all spring and summer—that the Yankees are just another ball club this year.

So winning this year's National league title becomes a feat worth accomplishing, carrying with it, as it does, the possibility of also winning the World Series. Even a blackout couldn't hide the fact that when the Nats scored three of their runs in that 4-0 shellacking, the backbone of the American league team was Bill Dickey, catcher; Red Ruffing, pitcher; Joe Gordon, second base; and Joe DiMaggio, centerfield—Yankees all.

At the moment, the Cincinnati Reds have the inside track, being currently atop the league by the slimmest of margins. Whether they will stay there depends on how they survive all spring and summer, with what the people in Brooklyn modestly call the greatest team in the history of baseball.

#### Three-Way Fight

The New York Giants open a vital season swing. If they stay within shouting distance of the Reds and the Dodgers on this trip, it means a certain three-way fight right down to the wire, a fine old National league custom. The Giants open tonight after the Cardinals in St. Louis.

In the league's third night game, the Phillies move into Pittsburgh, and in a daylight doubleheader the Boston Bees and the Chicago Cubs cross bats.

The league-leading Detroit Tigers and the Cleveland Indians, in second place by a half game, drew easy assignments in their league resumption. The Tigers open against the disappointing Washington Senators, and the Indians meet Philadelphia, some 15½ games out of first place and hence hardly a serious pennant threat.

The St. Louis Browns pick on the friendly Yankees at New York, and the White Sox swing out against the fading Red Sox at Boston.

## INDIANS START EASTERN SWING

### Seaboard Games May Provide Pennant Chances

PHILADELPHIA, July 11.—Returning to American league competition after a three-day rest, the Cleveland Indians started a quest for batting power and recovery of loop leadership as they opened their third eastern trip today against the Athletics.

Al Milnar, one of the Tribe's three pitching reliables, went after his 12th victory, opposing Johnny Babich for the Athletics.

Until his players regain some semblance of their early season hitting, Manager Oscar Vitt relied upon pitching to bring the club off the long end of the 12-game eastern tour.

Al Smith was expected to hurl for the Indians in tomorrow's night game, and Bob Feller was slated to wind up the series with Philadelphia.

In two previous invasions of the east, the Tribe has won 10 games and lost 11. It broke even in six games in Philadelphia, won three out of five in New York and Washington, and only one in five at Boston.

Now trailing the Detroit Tigers by a half game, the Indians regard the current trip as a strong test of their pennant intentions.

The batting slump that has plagued them for weeks contributed to the Indians' defeat at the hands of Wilkesbarre, their eastern league farm, 6 to 5 last night. Cleveland collected only seven hits off two farm club hurlers in the 11-inning exhibition contest, one of them a home run by Jeff Heath.

It was Ray Mack's fumble of a grounder in the final frame that gave Wilkesbarre the victory. Bill Zuber pitched five innings, yielding only three hits, but the farm hands reached Johnny Humphries for eight safe blows.

## SOFTBALL TEAM SNAPS LENGTHY LOSING STREAK

### Washingtonville Gains First Victory In Class A Loop

The Washingtonville Merchants snapped a long losing streak in the Class A Softball league last evening as they trimmed the Martin Tires, 7 to 1, for their first win in eight games.

The defeat was Martin's seventh in nine games to date.

The Washingtonville club collected eight hits, scoring three runs in the fourth inning and four in the sixth to gain the victory. The Tires, playing with only eight men, held the lead for a short time on the strength of one run in the third inning, but fell behind in the fourth.

W. Woods, J. Senior and Queen led Washingtonville at the plate, getting two hits apiece. Lindsay was on the mound for Washingtonville, allowing Martin batters seven hits.

Saxons Win  
The Salem Saxons posted their fourth win of the season in the other Class A game, topping the Salem Eagles, 7 to 1, in a five-inning contest.

The Saxons took the lead with two runs in the first inning and went on to victory by adding three markers in the second and two in the third. The Eagles scored their lone run in the first frame.

Pitcher Al Linder of the Saxons limited the Eagles to four hits, while his mates were collecting six safe blows off Ralph Gregg.

Andy Flip enjoyed a perfect evening at bat for the Saxons, pounding out two hits in as many trips to the plate.

A pair of promising games are on tap for the Class A league this evening with the Salem Recreation meeting Mullins Manufacturers at 5:30 and the top-ranking Leetonia Merchants facing the Salem News at 6:30. The Leetonia club will be battling to remain out in front in the Class A league's first half race.

# "TITAN TOWER" by JAMES G. CHESNUTT

**STORY SO FAR**  
Drawn together as they aid accident victim atop Titan Tower, new skyscraper, Nurse Linda Morton and Dr. Bill Blaine sense mutual affection. With memories of her love for late Airman Mike Morton still warm, however, Linda feels very mixed emotions as she day-dreams of possible romance with the debonair young medic. After her harrowing roof-top experience, Linda returns home, unnerfed. Her mind goes back to that tragic night when Mike was killed in a crash.

**CHAPTER SEVEN**  
Two emergencies, striking simultaneously, jerked Linda back from the mists of memory into the very actual present. At the same instant, her lamb chops started to burn and the doorbell rang.

"Mickey," she called, choking from the smoke which billowed from the stove, "open the front door, will you, please?"

Burned chops or not, Linda really welcomed the interruption in her thoughts. They were not happy.

From the memory of the fatal crash which had taken the life of Mike Morton in the charred wreckage of a plane sprawled on a mountain peak, Linda's thoughts had flashed to the Bradley Mortons, Mike's parents.

Following her collapse at the airport, after the news of the crash had confirmed what she already knew in her heart, Linda had been taken directly to the hospital. Young Mickey, whose arrival wasn't expected for nearly two months, was born shortly afterward.

In a critical condition herself, Linda had remembered, nevertheless, to send a heartfelt telegram of sympathy to Mike's mother and father. She got no message—of sympathy or otherwise—in return; no offer of aid, money or condolences. No, nothing!

Never in her whole life, before or since, had Linda felt so utterly, inconceivably alone. She had absolutely no one to whom to turn.

One the Bradley Mortons, who could endow homes for orphaned waifs and homeless cats, held out no hand to help the wife they hadn't wanted their Michael to marry. If they had such a hand, they kept it well concealed in the overstuffed Morton pocket.

Linda could never forgive that. That's why she didn't notify them when the new Michael Morton arrived shortly after the first Michael left the world whose stuffy bonds couldn't hold him.

The Bradley Mortons, smug and self-satisfied in all their glittering affluence, would never know—so far as Linda was concerned—that Mike Morton had left them a grandson.

"Oh!"

The thought suddenly struck Linda, that she shouldn't have sent Mickey to answer the door. What if it were a prowler; one of these fiends you read about in the papers when there's a series of attacks?

She was about to drop the chops and dash for the door when a loud and hearty voice from the hall reassured her.

"Hello, there, Dopey!" Jo Monroe's voice boomed. "Who's your brother—the eighth dwarf? Well, 'pon my soul, if it isn't my boy friend Mickey!"

"Jo!" Linda's voice filtered out

"You know me, Lin," she smiled. "Madam Monroe on the prowl."

from the kitchen. "You leave that young man alone. His mother doesn't approve of the match. But come on in and grab yourself a chair and a chop; they both need repairing."

Josephine Monroe, tall and striking, in a cosmetically emphasized brunette way, stepped through the kitchen door. Around her long and eye-holding frame, peered the wide, innocent brown eyes of Janice.

Jo gave Linda the "how's it,

The thought suddenly struck

Linda, that she shouldn't have sent

Mickey to answer the door. What if

it were a prowler; one of these fiends

you read about in the papers when

there's a series of attacks?

She was about to drop the chops

and dash for the door when a loud

and hearty voice from the hall reassured

her.

"Hello, there, Dopey!" Jo Mon-

roe's voice boomed. "Who's your

brother—the eighth dwarf? Well,

friend Mickey!"

"Jo!" Linda's voice filtered out

from the kitchen. "You leave that

young man alone. His mother doesn't

approve of the match. But come on in

and grab yourself a chair and a chop;

they both need repairing."

Josephine Monroe, tall and

striking, in a cosmetically emphasized

brunette way, stepped through the

kitchen door. Around her long and

eye-holding frame, peered the wide,

innocent brown eyes of Janice.

Jo gave Linda the "how's it,

"Madame Monroe on the prowl. Anything eligible from 2 to 200."

"Linda, honey," Janice was at the effervescent point. "I can't believe it's true. You're in all the papers. You're famous. About that operation on the roof today, I mean. You're a heroine!"

"Step right up, baby," Jo contributed, "and receive the chaplet I have woven with these here lily white hands, to be placed upon your alabaster brow."

Linda stopped messing with the chops and stood stockstill grinning at them from the sink, arms akimbo, small fists resting on her hips.

"Heroine, is it?" she smiled. "Well, that's most terribly nice of you girls. Tell you what I'll do; I'll trade the title now, sight unseen, for three brand new lamb chops, preferably unsmoked."

"But, Linda," Janice was eager as a child at his first Christmas, "we're serious. It's too thrilling, honestly. Tell us all about it, won't you?"

"Look," Jo added, "you don't deny that you helped save a man's life. Well, darling, next time can't you contrive to save the whole man—I mean, save one for me?"

"Do you girls, or either of you, know Dr. Blaine—Bill Blaine?" Linda hadn't meant to say that. It just popped out. And it didn't sound nearly as casual as she'd planned it.

Janice wouldn't notice, she felt sure. But Jo was smart. Jo would be sure to make a crack about it. "Such a question!" Jo scoffed. "Do I know J. Pierpont Giotz? Do I know Douglas Fairbanks, Jr.? Do I know any eligible male who has money and what it takes, besides?"

The answer is no. But—do I know who he is and would I like to know Dr. Blaine better? The answer is yes, but definitely YES.

"I just wondered," Linda faltered,

## FOREST ACRES OF U. S. GROW

Acquisitions In 10 Years May Bring Total To 200 Million

WASHINGTON — Expansion of the national forests purchase program to reach 200,000,000 acres by 1950 is planned by the National Forest Reservation Commission.

The purchase program is expected to give the Federal government ownership of large reserve supplies of timber and forests for recreation and conservation of mineral and other natural resources.

There now are more than 176,000,000 acres of publicly owned lands in the national forests. These are distributed among 186 forest units in 40 states, Alaska and the island possessions. They comprise about 10 per cent of the total area.

**Jobs for 4 Million**  
Last year nearly 4,000,000 persons derived all or part of their support from employment in the

"not that it means anything." It didn't sound convincing. The three girls, with Jo and Linda doing most of the talking and Janice's mouth open in wonder more than in speech, proceeded to reconstruct the dramatic events of the day.

national forests, the U. S. Forest Service reported. Their total income was nearly \$1,000,000,000.

Workers living in or near national forests obtained employment harvesting timber purchased from the Forest Service, herding privately owned livestock on the public lands, working in summer resorts, dude ranches and hotels catering to visitors.

The Forest Service reported lumbermen received 2,600,000 man-days of work in timber camps. Livestock owners employed 25,000 riders and herders to take care of 6,500,000 head of animals in the forests.

**Visitors' Outlay Large**  
While no estimate of resort, hotel and dude ranch employees was available, the number was large enough to supply the service needs of a clientele which spends about \$200,000,000 annually at such establishments.

In addition to private employment, the Forest Service kept a permanent force of 5,500 persons in the forests and gave part-time employment to an additional 11,000 persons.

Reforestation, road and trail building, and other improvement work under direction of the Forest Service also provided 13,436 man-years of employment on WPA projects, and year-long employment and training for 50,000 CCC boys and World War veterans.

BOSTON—Street car motorman Joseph J. Casey was hospitalized with injuries suffered when he alighted to adjust a hand switch and was struck by his own car that rolled ahead on the tracks.
